

Fan Type 42"

Direct driven equipped,
With integrate conical duct.

Fan Diameter: 42"

Weight: 35 kg.

Construction materials:

Body: 2 mm' steel with hot galvanized coated.

Fan Blades: High efficient aerodynamic P shaped,
Polyamide glass fiber Reinforced,
Made in Germany.

- Option salience fan with
pecial S shaped blades.

Motor: Electric motor 1.5 Hp (1.12 Kw), 950 rpm.

Safety: Option front and rear metal mesh protection.

Air flow: P shaped blades 38,200 meter cube per hour.
S shaped blades 27,000 meter cube per hour.
